

Sunday 27th September – Exodus 17:1-7 – Water from Rocks

Read: Exodus 17:1-7

Moses and the Israelites are still traveling through the wilderness to the Promised Land and once again they are complaining. God has been providing them with food each day, but they are still not happy and say they wish they had died in Egypt after all. I am sure Moses was fed up listening to them complaining. Moses talked to God, who instead of being annoyed the Israelites complained, provided for them once again. God told Moses to hit a rock with his stick and water would come out of it. Moses did just as God asked and water sprouted from the rock immediately! Once again God had provided for them.

Why did the people complain? What did Moses do? What would you have done? What did God do? Where did the water come from? Do you think the Israelites will stop complaining?

Pray:

God, thank you for water and all the amazing things that we use it for. Help us not to be wasteful with it and to be thankful for it. Amen

Father in heaven watch over our loved ones.

Keep them by your side.

May they be safe and peaceful, in you may they abide.

Give wisdom to the doctors and nurses too we pray,
renew their strength and bless them for the work they do each day.

Send healing and restoration and let them feel your love.

May your Holy Spirit give them rest as gentle as a dove. Amen (taken from Praying Together)

Share:

God provided the Israelites with water when they needed it most. We are lucky to have clean water whenever we want it or need by simply turning on a tap. Each time you get a drink of water from the tap, or wash your hands or take a shower, or use water in any way say a prayer to God for providing it for us.
